

## VICE COMMISSION REPORTS ON PROBE

### Finds Poverty Is the Principal Cause of Immorality

## URGE MINIMUM WAGE

### System of Domestic Employ- ment in America Is Condemned in Positive Terms

## HITS HIGH CLASS CAFES HARD

SPRINGFIELD, Ill., Jan. 19.—Poverty is the principal cause of immorality, a minimum wage for women is \$8 a week and unregulated conditions of domestic employment render the home, in many cases, a breeding place of commercialized vice, according to the Illinois senate white slave investigation committee's report, made public tonight, when formally presented to the state senate.

Strongly Emphasize Principal Cause. That poverty is the principal cause, direct and indirect, of immorality is the first and most strongly emphasized finding of the commission.

Industrial oppression of the helpless is declared by the report to be directly responsible for a large part of existing immorality. Thousands of girls, it says, are driven into prostitution "because of the sheer inability to keep body and soul together on the low wages received by them."

The system of domestic employment in America is condemned by the committee in positive terms. Unregulated condition of domestic employment, uncertain hours, absence of definite social status and lack of creative opportunities render the home, in many cases, for the woman servants, a breeding place of immorality, says the committee's finding.

expensive investigations conducted by the committee, the report says, disclosed the fact that more women of the underworld fall in dishonor from domestic employment than from any other work. Of 181 girls sent to the state training school at Geneva, Ill., who had worked for a wage previous to commitment, the committee found that 115, or 63.5 per cent, had been engaged in domestic service.

"It is a peculiarly strong complaint to the sensing faculty of the female," says the report, "and her intuitive avoidance of sexual danger, that the occupation proved by actual statistics to be productive of most prostitution is the occupation of the most shame."

In this manner, the committee accounts for the constant unfilled demand for domestics.

Eight Dollars a Week Minimum. Eight dollars a week is fixed by the committee as the least amount that will meet the necessary items of a bare living for a girl employed in a large city. The report says wages were found to be discouragingly short of this figure.

Attention is called to testimony taken by the committee, "of wages running as low as \$2 a week; of foremen who profanely abuse girls in short dresses, shake them until their arms are blackened, and occasionally hurl boxes at them and the manager who found his factory besieged with the agents of professional white slavery."

A startling condition and one which the report declares strikes directly at the home is found in what is termed the "call girl" system. On this subject the report says in part:

"A detective told of a 'call' list which he had seized in a raid. More than twenty names were on the list; first names only being given, then opposite the telephone numbers. He checked up the names and numbers. Some of the women were respectable married women. Two were young daughters. Others were working girls. The case of a young mother serving as 'call girl' and using the money she made in buying necessities for her baby is merely illustrative of the character of some of the women in this system."

Hits High Class Cafes. High class cafes are hard hit in the report. The conspicuous part played by intoxicants in the undoing of many girls is dismissed as a matter of such general knowledge as to require no elaboration.

The report says there can be no disagreement as to the effects on the young woman of the alternate drinking and dancing as practiced in many fashionable restaurants.

"The free and easy manner of introductions, in some places an employee being delegated to see that everyone gets acquainted, adds to the danger. Most of the girls who frequent the popular restaurants given over to dancing are very young."

The commission found that the highest standard of morals exists among the girls in the high schools, colleges and universities of the state. As a result of its investigations the committee makes the following recommendations:

## RETURNS FROM FUNERAL AND SUICIDES

### MRS. WINONA GLASGOW SHOTS SELF THRU THE HEART

Widow of General Glasgow Leaves Note to Relatives Saying She Could Not Live Without Her Husband—Asks to be Buried in Arlington Cemetery.

Washington, Jan. 19.—When Mrs. Winona Glasgow returned to her rooms in an apartment house here late today from the funeral of her husband, General Samuel Lyle Glasgow, formerly of Iowa and Illinois, she shot herself thru the heart with a revolver and died instantly.

General Glasgow, who died Sunday at the age of 76 years was a colonel of the 23rd Iowa Infantry during the Civil War and was breveted by General Grant for bravery at Vicksburg. His wife was 45 years old.

Before ending her life Mrs. Glasgow locked herself in her bedroom and wrote a long letter to her brother and sister, in the next room—Charles Schlechter of Chicago and Mrs. Charles Dietts of Burlington, Iowa—begging forgiveness for what she was about to do, and saying she could not live without her husband. She asked that she be buried in Arlington cemetery beside the general.

After the war President Grant appointed General Glasgow consul at Havre, France. From there the general was transferred to the consulate at Glasgow, Scotland, where he remained about twelve years. He was a member of Iowa Commandery, Loyal Legion. He came here from Chicago four years ago to work for legislation for higher pensions for certain classes of Civil War veterans. He and his wife had no children.

## BODIES OF VICTIMS OF MASSACRE WERE HORRIBLY MUTILATED

EL PASO, Texas, Jan. 19.—The bodies of the victims of the Santa Ysabel massacre which took place January 10th, were horribly mutilated and several must have suffered terribly before death put an end to their tortures, according to a detailed report by Dr. F. E. Miller, of El Paso. Dr. Miller made an examination of each body to determine cause and post mortem wounds and causes of death.

The report was made today to a representative of the state department.

The report shows that some of the victims were shot many times both before and after death. Soft posed bullets made terrible wounds. Several were stabbed or slashed with sabres or machetes both before and after they died.

## LUDINGTON COAST GUARD FINISHES WORK OF RESCUING CREW

LUDINGTON, Mich., Jan. 19.—The Ludington Coast guard today completed the work of rescuing the crew of the ferry Pere Marquette No. 19, which grounded Monday night during a heavy storm near Big Point Sauble.

The removal of the twenty-four men who had remained aboard the car ferry last was accomplished without mishap in spite of the tremendous difficulties. Ice banks ten feet high lined the shore and after crossing this obstacle the guardsmen had to battle against a heavy surf and a ten mile current.

## GRAND JURY HEARS EVIDENCE IN CASE OF UDDIKE BROTHERS

CHICAGO, Jan. 19.—A grand jury today heard evidence in the case of Irving and Herbert Uddike in connection with their confessions that they had plotted to kill their father, Ferdinand D. Uddike, millionaire broker. The brothers, who are under arrest on a charge of felony in connection with the plot, today were ordered into the custody of the sheriff by Judge Charles M. Thompson after a hearing on a habeas corpus writ obtained in an effort to release Irving Uddike, the older of the two brothers.

According to State's Attorney Macley Hoyne the grand jury decided to vote indictments against the brothers in connection with the confessed plot.

## PLANS TAKE DEFINITE SHAPE

Washington, Jan. 19.—President Wilson's plans for going before the country over the national defense issue took definite shape today and work of mapping out the itinerary of his first speaking trip was almost completed. It also was decided that a public business permits other tours will be made in as quick succession as possible.

## TWO KILLED IN SNOW SLIDE

Leadville, Colo., Jan. 19.—Two miners were killed and the surface plant of the Gordon Tiger Mine at Twin Lakes was destroyed today by a snow slide which tumbled six thousand feet down Mount Elbert. The mine crew dug their way to the surface thru the snow that choked the mouth of the tunnel.

## ADDRESS DRAINAGE CONGRESS

Cairo, Ill., Jan. 19.—That prevention of floods in the watershed above Pittsburgh would solve the flood problem in the eastern and central portions of the United States was the declaration of E. K. Morse, a Pittsburgh engineer, here tonight before the sixth annual meeting of the drainage congress.

## STATES COAST IS OPEN TO ATTACK

### Major-General Wood Ap- pears Before Senate Mil- itary Committee

## PREPARED ONLY ONCE

### General Asserts Only Time U.S. Was Prepared for War Was After the Civil War

## TERMS ESTIMATE INADEQUATE

WASHINGTON, Jan. 19.—Major General Leonard Wood told the senate military committee today the coast line of the United States was open to attack by any well organized foreign army, despite its equipment of forts, mines and submarines, and that the oceans formed no serious barrier to invasion. He declared that in the country's present state of utter unpreparedness for war a trained force of 150,000 men could inflict incalculable damage before an army could be assembled to meet it.

Sea Best for Troop Movement. Events of the European war clearly demonstrated, the general said, that the sea was the best medium for the movement of troops and he pointed out that a force of 125,000 men, fully equipped, had been landed at Gallipoli from a single expedition of ninety-eight ships against submarines, mines and an underwater screen of barbed wire that fringed every available landing place.

Emphasizing his conviction that troops cannot be improvised to meet regulars, General Wood declared the fundamental basis of any policy of adequate national defense must be the principle that with sufficient goes an obligation for military service. Such a policy had been advocated by George Washington, he said, and if it had been adopted Canada would have become part of the United States in the war of 1812.

Only Once Prepared. "Only once in our history have we been prepared for war," he added. "That was immediately after the Civil war, when we had a million and a half trained soldiers. Our diplomatic correspondents with France concerning Mexico was very brief. It required only one note because of our preparedness. They were told to get out and they got out. There isn't going to be any weakness abroad after this war is over. You will find that more male children will have been born than have been killed or injured. You will have all the gold, perhaps, but it will not do you much good unless you stiffen it with iron."

As to the immediate needs of regular army, General Wood expressed the opinion that the force of regulars with the colors should be maintained at 210,000. Of these, he said, 20,000 equipped and supplied for a year's time, should be kept in the Philippines, another 20,000 in Hawaii and 15,000 at Panama. He urged that the regulars should have a reserve system under which in a six year enlistment men would be discharged whenever their company commanders reported them as efficient in a reserve, to be definitely assigned to war stations. Equipment for members of the reserve would be kept at their stations and once every two years they would be required to join the colors for ten days training to keep them up to date.

General Wood said if universal military service was not to be obtained he favored a continental army scheme substantially as proposed by the war department, "provided it is absolutely divorced from the organized militia."

Terms Estimates Inadequate. The increases for the regular army proposed by Secretary Garrison, however, he characterized as absurdly inadequate and indicating a failure to appreciate the lessons of the European war, particularly as to the proportion of field artillery. He recommended that the proportion of field guns be fixed at five to every 1,000 rifles or sabres. The present army standard is 3.9 per thousand, although in actual equipment the regulars are nearer low per thousand. The board recently created in the war department had fixed on 5.9 per thousand as the number necessary.

Reverting to the condition of the country to face war with a first class power the general said the United States was utterly unprepared and knew nothing of the problems it would have to meet. At least 2,000,000 men would be needed, he declared, and they could be obtained only by compulsory service. At present there was but 700,000 modern rifles and 300,000 old model weapons in government arsenals, he said, and up to five days ago the capacity of all American plants to produce rifles was only 22,000 a day. England alone, he said, wanted 65,000 a day, while France called for two rifles in reserve for every man in the field.

## Militia Has Fine Personnel

General Wood was positive in declaring the militia was composed of a fine personnel but cursed by a hopeless sentiment.

Unless it could be taken over by the government and absolutely se-

PEKING, Jan. 19.—Several servants and higher employees were arrested today in connection with an alleged bomb plot in the Imperial Palace. It is announced from the president's office that all those arrested have been released, as no case had been proved.

## TRIAL HALTS SUDDENLY

Ottawa, Ill., Jan. 19.—The trial of President Hartenbower and Cashier Hilthaband of the defunct Tonica Exchange Bank charged with wrecking the institution came to a sudden halt today after four jurors had been chosen. Judge Stough and the attorneys withdrew to chambers and were in consultation during the afternoon. At the close of the conference the judge adjourned court until tomorrow.

## ARREST H. WALDEMAN

Chicago, Jan. 19.—H. Waldeman was arrested today by federal officials who charge that he has swindled farmers in Illinois, Iowa and Missouri out of thousands of dollars thru a fraudulent commission house scheme. In default of \$2,500 bail he was taken to the county jail to await trial.

## GRANTS INCREASES IN PAY

Washington, Jan. 19.—Increases in pay, averaging five per cent, will be given master mechanics in the navy yards thruout the United States, Secretary Daniels said today he had decided to grant the increases and would make them effective probably within the next two weeks.

erred from an connection with the states, it should be abandoned to the states entirely and not a dollar of government money wasted upon it. "We should terminate the intolerable sentiment," he declared. "The soldier element of the militia all refuse federalization. No man who refuses into the continental is to be depended upon."

Under a universal scheme the general declared there would be 3,500,000 men upon whom the burden of military duty would rest counting on only 50 per cent of the men at that age. He believed, however, that every citizen should be held liable for some duty to the government in case of war.

"General Wood," asked Senator Chamberlain, "an untrained army never could have resisted Germany on the French frontier, could it?"

"They never would have known what hit 'em," answered General Wood.

## SESSION VIRTUALLY COMPLETES WORK

### Is Forced to Stay in Ses- sion Because of Lack of Quorum in Senate

## PASS ELECTION LAWS

### Illinois Legislators Expect to Recess Today. Until February 23rd.

## PASS CATTLE APPROPRIATION

SPRINGFIELD, Ill., Jan. 19.—The second special session of the Illinois legislature, begun last week, practically completed its work tonight, but was forced to stay in session over tomorrow because of the absence of a quorum in the senate, which body must ratify house amendments made to senate bills. The announced plan had been to bring the extra-ordinary session to a close this evening.

Should enough senators come to Springfield tomorrow, legislative leaders said tonight, that the remaining work could be completed in half a day. Urgent pleas were telegraphed to absent senators tonight to hurry to the state capital.

Only two of the many bills introduced to amend the election laws succeeded in being passed by both houses and in being sent to Governor Dunne for the signature which makes them laws. They are the measures eliminating the March 21 registration day in Chicago and cutting down by one-fifth the number of ballots to be printed in that city.

Altho Governor Dunne urgently requested the enactment of amendments to the primary law, none were passed by the special session.

In addition to the two election bills, the principle legislation enacted by the special session consists of additional foot and mouth appropriations aggregating \$263,000 and the recreation of the state centennial and pension commissions and the validation of the \$2,000,000 good road bond issue recently passed in Cook county. The latter bill provides that county roads bond issues shall be carried by a majority of those voting on the proposition instead of a majority of those voting at the election. One foot and mouth bill appropriates \$163,000 to pay present claims and the other \$100,000 to take care of future claims.

By a decisive vote, the house this evening killed the bill providing for the consolidation of the June election of superior court judges in Cook county with the aldermanic election on April 4, and for the placing of local officers in Cook county on a ballot separate from state officers and presidential electors.

A measure providing for the state control of the manufacture and sale of hog cholera serum said to have caused much of the recent foot and mouth disease in Illinois died in a house committee after having been passed by the senate. The central registration bill, providing for only one general registration in Chicago every four years instead of before each general election, also was killed by the house today.

Bills changing the dates for holding the state and presidential primaries were offered in both houses, but were passed by neither.

The house adopted resolutions calling upon Illinois congressmen to urge the federal government to pay all future foot and mouth claims from this state, and asking the federal government to aid financially the war sufferers in Poland.

The foot and mouth resolution was offered by Representative C. A. Purdunn of Clark county, and the latter by Representative Trandet of Chicago.

The special session expects to recess tomorrow until Feb. 23, the date on which the first special session recessed.

## LISTS FIFTEEN RECOMMENDATIONS

Washington, Jan. 19.—Stripped of its military secrets the annual report of Admiral Fletcher, commander-in-chief of the Atlantic Fleet was made public tonight by the senate. It says that on June 30th last the fleet was better balanced and doing better shooting than ever before in its history, but lists fifteen specific recommendations as to conditions which should be remedied, ranging from shortage of men and lack of swift scout cruisers and air craft, to elimination of the compulsory feature of the navy's educational settlement.

## SCANDINAVIAN MEMBERS DEPART

The Hague, Jan. 19.—(Via London, Jan. 20.)—The Scandinavian members of the Ford peace expedition departed today by special train thru Germany for Copenhagen by permission of the German military authorities. The American members of the expedition who desire to return to Stockholm have not yet received permission to do so and are puzzled as to what they will do. It may be necessary for them to make a trip across the North sea.

## FEAR IMPERIAL VALLEY LEVEES WILL BREAK

### COLORADO RIVER SLOWLY RISING AS RESULT OF HEAVY RAINS

Storm Is Central Over Arizona — Break in Levees Would Endanger Many Lives and Millions of Dollars Worth of Property.

Los Angeles, Cal., Jan. 19.—With the Colorado river slowly rising as a result of heavy rains great concern was felt tonight thruout the Imperial Valley over the ability of the great levees which protect the valley to withstand the pressure of flood waters.

A break in the levees, it is said, will endanger many lives and millions of dollars worth of property. The storm which caused four deaths and \$2,000,000 property loss in southern California, was central over Arizona today. The Colorado river at Yuma, Ariz., is expected to reach a 26 foot stage at midnight tonight. The town will not be in danger unless the river goes nine feet higher. Ten overland trains were stalled at Yuma, but passengers were reported comfortable and making preparations for a dance.

Snow storms in the mountain ranges, accompanied by falling temperatures and clearing weather in the valley sections of southern California, gave some relief today from the flood conditions. Railroads were slowly emerging from the demoralizing traffic conditions resulting from the storm.

Dozens of bridges were carried away by flood waters, railroad tracks washed out and many highways undermined. Thousands of acres of cultivated lands were inundated, causing serious damage to growing crops and to orchards.

One man was drowned in the Salt river near Phoenix, Ariz., today. The river remained stationary at the 12 foot stage during the day.

Streets in the north section of Clifton, Ariz., were flooded during the day by the overflow waters from the San Francisco river.

## HEALS IS CHIEF WITNESS IN MOHR MURDER TRIAL

PROVIDENCE, R. I., Jan. 19.—George W. Heals, the young negro chauffeur, who has turned state evidence against Mrs. Elizabeth Mohr and the two negroes on trial for the murder of Dr. C. Franklin Mohr, was called today as the chief witness for the prosecution. He began by testifying regarding the circumstances leading up to the alleged plot by Mrs. Mohr and the negro to slay the physician. The witness had just reached the point in his story where he was to narrate a conversation which he said he and Cecil Victor Brown, one of the negro defendants, had with Mrs. Mohr on the night of Friday, Aug. 27, 1915, the date of the alleged hatching of the plot, when court adjourned.

## BITTER DEBATE IS PRECIPITATED IN MINE WORKERS' CONVENTION

INDIANAPOLIS, Ind., Jan. 19.—A bitter debate in which personalities figured to a large extent was precipitated in the convention of the United Mine Workers today over a proposition to have a committee appointed to investigate alleged extravagance in the financial affairs of the organization. Charges were made that there was waste of money; that some men drawing salaries from the union, padded expense accounts and were inefficient and counter-charges were made that the instigators of the proposed investigation had only ulterior motives in view.

## CARRANZA FORMALLY PROCLAIMS FRANCISCO VILLA AN OUTLAW

WASHINGTON, Jan. 19.—General Carranza telegraphed the Mexican embassy here today that he had formally proclaimed Francisco Villa an outlaw and authorized his execution by any citizen of the republic who might encounter him.

Carranza also notified the embassy that he had proclaimed Rafael Lopez and Rafael Castro outlaws. The despatch to the embassy said the action had been taken because of the massacre of American citizens at Santa Ysabel. Under the decree any citizen of the republic is authorized to execute the outlaws without formality.

## MAY RECEIVE PENSIONS

Chicago, Jan. 19.—Professors in colleges supervised by the Methodist Episcopal church may be paid an annual pension of \$1,000 on retiring at the age of 65 and be insured for \$10,000 up to that age under a plan advocated today by President Samuel Plantz of Lawrence college at a meeting here of the Educational association of the Methodist Episcopal church.

## GLA RIVER OVERFLOWING

Globe, Ariz., Jan. 19.—The Gila river has left its banks and cut a new channel thru the eastern portion of Winkelman, according to advice reaching here tonight. Thirty houses were washed away by the flooded waters, it was reported. No lives were lost. A concrete bridge under construction at Winkelman was washed away.

## RUSSIANS BEGIN STRONG OFFENSIVE

## BREAK OFF PEACE PLANS

ATHENS, Jan. 19, via Paris.—King Constantine today sent for The Associated Press correspondent in order to express thru the newspapers of the United States as he said, his profound indignation at what he termed "the unheard-of highhandedness of the recent action of the allies toward Greece."

After only a slight pause since the conclusion of the New Year's battle on the eastern front, the Russians again have begun a strong offensive against the Austro-Hungarians on the Bessarbian front east of Czernowitz, capital of Bukovina. Vienna had forecast that the second phase of the battle in this region was imminent by the announcement that the Russians were throwing strong reinforcements into East Galicia.

In the initial offensive of what probably will be termed the second battle, the Russians launched with numerous columns four attacks near Toporutz and Boyan, but, according to Vienna, they were everywhere repulsed.

Germans Attack Russ Bases. The Germans have attacked Russian bases at Tarnoapol, East Galicia with an air squadron.

While the Turkish war office asserts that the Russians in the Caucasus have abandoned their offensive along the entire front of nearly 100 miles, owing to the reinforcements of the Ottomans and their assumption of a violent offensive, the latest Russian official communication describes the Turkish army in this region as having been disorganized and dislodged from a strong position extending over sixty six miles, the Turkish retreat taking on the character of a panic stricken flight.

Several Turkish units, the communication adds, were almost annihilated, hundreds of bodies covering the field of battle.

With the announcement that Montenegro had broken off negotiations for peace with Austro-Hungary, comes the official statement in a Paris newspaper that King Nicholas and his family and suite, already are on their way to Italy. It is presumed that with the severing of the peace negotiations the Austro-Hungarians again will take up where they left off the campaign of crushing the little kingdom as Serbia was crushed.

Also artillery bombardments, mining and counter-mining operations and aerial attacks continue along the western line in France, the Germans report the capture of trenches along the Yser river.

Entente allied aircraft have dropped bombs on Metz and Arnville doing some material damage.

Several attempts of the Austrians to reach the Italian line have been repulsed.

Bombardments have prevailed. A war council of the entente allies attended by the British and French members has been held in London. Nothing is known concerning the council except that it was held for the discussion of plans for further prosecuting the war.

Great Britain has informed the United States thru ambassador Paso "that innocent mail" taken from steamers by the British authorities is not being unnecessarily delayed.

Mail and parcel post matter which is not classified as "innocent" is being held for the prize court.

The total casualties in the entire German army for the war number 2,535,788, according to an announcement made in the house of commons by the parliamentary under-secretary for war.

The Boston News Bureau says that during the week ended Decem-  
ber 25, 1915, Detroit, Mich., ex-  
ported commodities to the value of  
more than \$4,000,000, which exports  
were exceeded only by New York city.  
The war in Europe has made many  
changes in our commercial affairs.  
Detroit is one of the large benefi-  
ciaries.

"You can depend upon Colorado to  
swing into the Republican column  
in 1916 by a safe and comfortable  
majority," said a prominent western  
congressman, who is in close touch  
with the situation. "With the prop-  
er organization and a little effec-  
tive work we would have elected a  
Republican United States senator  
there in 1914. The Republicans of  
Colorado are now working harmoni-  
ously together, they are enthusias-  
tic and confident of victory and that  
state can be depended upon to re-  
turn a substantial majority for the  
party at the national election next  
November."

The Line of Politics.

Former Governor C. R. Johnson,  
famous as a criminal lawyer, has just  
celebrated his eightieth birthday and  
gives promise of being able to prac-  
tice for a number of years more.  
Governor Johnson attributes his  
good health and long life to his wis-  
dom in retiring from politics long  
ago, and said in an interview on his  
birthday that if he had not with-  
drawn from politics that he certainly  
would have been dead long ago. Al-  
most every politician knows the truth  
of Governor Johnson's statement and  
realizes that political life and polit-  
ical work is of a wearing, tearing  
kind which shatters nerves and brings  
physical fatigue. But this veteran  
lawyer is the exception and not the  
rule, and most men quit politics only  
when they are kicked out. There is  
something so alluring about holding  
office or pulling the wires whereby  
other men hold office that they can-  
not quit until they must.

Wilson and Lewis Disagree.

To add to the interest in state  
politics, the story comes from Wash-  
ington that Senator Lewis has dis-  
agreed with President Wilson over  
the Chicago postmastership. Presi-  
dent Wilson, it is said, desires to  
appoint Dixon C. Williams, who is  
a personal friend of Postmaster Gen-  
eral Burleson, and the only obsta-  
cle in the way of this appointment  
is the opposition of Senator Lewis.

## Rippling Rhymes By WALT MASON

THE WHEAT.

The weather man is busy invent-  
ing new designs in storms and tem-  
pests dizzy so Mr.  
Maa repines. The  
first "in his gal-  
ways the slush is  
in his shoes and  
he is having al-  
ways, more snow  
than he can see  
And as he does his  
praying for less  
of slush and sleet,  
the Optimist comes  
saying, "It's splen-  
did for the wheat!" There comes  
a beastly drizzle, that soaks you to  
the bones, and life seems all a fizzle,  
a thing of grief and groans. And  
when you're sadly straying down  
the sloppy street, the Optimist comes  
saying, "It's splendid for the wheat!"  
When weather is so rotten,  
so frightful everywhere, that every-  
thing's forgotten except your load  
of care, when chunks of hail are  
flaying your form from head to feet,  
the Optimist comes, saying, "It's  
splendid for the wheat!" What odds  
if people suffer the tortures of the  
blamed, and blizzards, wilder, tough-  
er, come whooping down, untamed?  
What odds if you are freezing  
among the snow and sleet, and  
coughing, strangling, sneezing? It's  
splendid for the wheat.

DATES IN ILLINOIS HISTORY.

Jan. 20, 1821--Greene County was  
created, the twenty first in the state.

who is seeking to have a friend of  
his own secure this place of large  
importance.

Senator Lewis has been such a  
loyal defender of the administra-  
tion's course in Mexico and else-  
where that President Wilson, unless  
lacking in appreciation, will not  
want to make an appointment which  
the senator does not sanction. Af-  
airs at the national capital are not  
such that the president can afford to  
lose any support from his own party.  
His preparedness program has met  
with such unexpected disagreement  
from Democrats in the senate and  
the house, who were expected to lend  
their hearty support, that the presi-  
dent is not in nearly as favorable  
a position as he was two years ago  
to disregard the feelings and wishes  
of the Illinois senator.

Mr. Butler Seeks State Office.

William J. Butler of Springfield,  
member of the legislature from this  
district, has announced his candi-  
dacy for the nomination for lieuten-  
ant governor. In his announcement  
Mr. Butler declares that he claims  
to be only honest, fearless and cap-  
able. He makes a special plea for  
the support of those voters who be-  
lieve in tolerance in religion and  
the affairs of personal liberty and  
suggests that candidates should not  
be elected who have special missions  
of "intolerant reform" to carry out.  
Mr. Butler has been serving in the  
legislature for several years and is  
evidently willing to stand on his re-  
cord. He is a capable man.

Paying Debts.

Frank G. Jones, a Michigan mer-  
chant, has undertaken the herculean task  
of paying back about a million dol-  
lars to stockholders who lost money  
thru enterprises that he launched.  
Jones was paroled from prison about  
a year ago, partially because of his  
evident desire to pay back money  
lost by his friends and because of  
certain ability which gave promise  
that he would succeed in part. He  
is quite an able writer and during  
the past year has been able to meet  
his living expenses and pay some-  
thing over \$3,000 to his creditors.  
Three thousand dollars by compari-  
son with a million is not a large  
sum, but is big enough to evidence  
this man's honesty and furnishes  
one example of the benefits of the  
parole system. More publicity is  
given to instances where the parole  
system fails than to those cases  
where it succeeds because men are  
given another chance. Those who  
know the former prisoner intimately  
have faith that with his ability and  
the confidence that his friends have,  
he eventually may be able to make  
large payments on his obligation.

The Vice Commission's Report.

The report of the Illinois vice  
commission, headed by Lieutenant  
Governor O'Hara, has just been made  
public. The commission, in its work,  
which began in 1913 and has been in  
progress at various times since, has  
been frequently criticized as occa-  
sioning a large expenditure of money  
with very little prospect of collect-  
ing any valuable data. The report  
filed indicates from a casual reading  
that some facts really worth while  
have been collected by the commis-  
sion, and some of the suggestions  
for remedying conditions are worthy  
of consideration.

Several of the conclusions reached,  
but which seem to be in a manner  
proven by the collected statistics, are  
surprising. In this list is the claim  
that more women slip from domestic  
service into improper living than  
with very little prospect of work, and  
this fact is regarded as the intuitive  
reason that women shun domestic  
service more than they do any other  
class of work. This is an interesting  
view of the case but appears to have  
been arrived at as much from a  
psychological viewpoint as from the  
mere facts collected. With this in-  
teresting view it would be well to  
consider also the fact that another  
reason women so often take up do-  
mestic service when all other av-  
enues are closed is because of their  
lessened social standing by compar-  
ing this occupation with many other  
lines of work.

The need for a minimum wage  
scale for women carrying with it the  
suggestion that low wages can be  
counted as the greatest cause of im-  
morality, is not new but is entitled  
to full consideration along with other  
suggestions and conclusions which  
the commission made. The only val-  
ue of such a report will come if the  
attention of the public is so focused  
upon the findings that an awakened  
public conscience will put into effect  
laws and customs which will tend to  
correct the evils which have been  
cited.

Miss Tarbell Starts Argument.

Miss Ida Tarbell, the well known  
magazine editor and contributor,  
has aroused a vast amount of discus-  
sion by her recent statement that  
from her observation girls who have  
worked in the mills make better  
housewives than those who come  
from the high schools. This state-  
ment was based upon Miss Tarbell's  
observation and experiences while  
she worked in a mill for the very  
purpose of making an investigation.  
She was thus thrown with the mill  
workers and had the opportunity of  
visiting their homes. Her state-  
ment is that most of these young  
women have better training in the  
serious and practical side of life than  
the average high school girl who  
comes out of school often with ideas  
of dress and home life which are  
beyond her financial sphere.

Miss Tarbell's report challenges  
the whole system of education, and  
some frequent and recurring attacks  
may be expected based on her state-  
ments. If high school education  
does not better fit young women for  
the ordinary cares of housekeeping  
and of life generally, why a public  
school system and educational fac-  
ilities generally? Miss Tarbell has  
more than once been referred to as  
the ablest investigator and woman  
magazine editor in the country. She  
usually has the proof when she

makes a statement, but certainly her  
comparison in the present case must  
be judged more from a standpoint of  
opinion than from facts. Mill condi-  
tions and employees vary so much  
with localities and with the line of  
work than an investigation conducted  
in one particular locality could  
not be taken as a certain standard  
the country over, any more than the  
case of a limited number of frivo-  
lous high school girls could be ad-  
judged the proper basis for measur-  
ing the value of high school train-

New Jersey Turns Pro Wilson.

In New Jersey it is said that a  
committee of ten Democrats, five  
Wilson men and five anti-Wilson  
men, has been formed to discuss and  
if possible to meet the problems  
which are dividing the party in that  
state. From the personnel of this  
committee the president must have  
as many political opponents as he  
has friends in his own state. The  
idea which has added a great deal  
of strength to the anti-Wilson fac-  
tion in New Jersey is their belief  
that the president will not be re-  
elected, and so they are looking out  
for themselves and the party after-  
ward.

Some idea of the waning strength  
of the president in his home state  
was shown in the election last year,  
when he announced that he would  
go home in order to cast a ballot  
in favor of woman's suffrage. That  
announcement or some other had a  
decisive effect on the election, for  
the expressed view of the voters was  
about two to one against the ideas  
advanced by the president. But one  
of the main causes for the loss of  
political friendships in New Jersey  
is the tariff program which the  
president put thru congress, result-  
ing in a great business depression in  
that state, which only improved be-  
cause of the influence of war con-  
tracts.

POLITICAL GOSSIP.

The story was circulated yester-  
day that Frank J. Heintz, cashier of  
the Farmers' State Bank & Trust  
Co., is Senator Sherman's choice as  
one of the delegates to the national  
Republican convention from this  
congressional district. When the  
congressional caucus was held in  
this city at the Dunlap Hotel two  
weeks ago a strong Sherman resolu-  
tion was adopted and it was the  
expressed wish of the leaders in at-  
tendance that Senator Sherman be  
empowered to choose his own dele-  
gates to the national convention. At  
this conference Homer J. Tice, who  
acted as chairman, stated before the  
resolution was voted upon that in  
event the motion prevailed that he  
would probably be one of the two  
delegates that the senator would  
choose. He stated further that he  
had not the slightest idea who the  
other delegate would be. With this  
understanding the resolution was  
then put thru by unanimous vote.

Mr. Heintz was asked yesterday  
with reference to the story that he  
was the senator's choice to serve  
with Mr. Tice, and replied that he  
had absolutely nothing to say about  
the matter, and further had made  
no statements. It does not seem at  
all improbable that Senator Sher-  
man had indicated his intention of ask-  
ing Mr. Heintz to be a candidate for  
the national convention because the  
two have been personally intimate  
for nearly twenty years. When Mr.  
Heintz was county clerk he became  
acquainted with Mr. Sherman and  
subsequently during his four years  
in the legislature their relations  
were of increasing intimacy and this  
condition has continued.

Under the law the candidate for  
presidential nomination has the right  
to indicate the names of two can-  
didates and two alternates for the  
national convention whose names  
shall appear below his own on the  
ballot at the presidential preference

## OLD JACKSONVILLE

### East State Street Again

By Ensley Moore.

Member of Illinois State Historical Society.

There were some prints worthy of further reference in the story of "Springfield street" in 1857—earlier and later.

On the south side of the street where Ruttt college now is, was a little one story, semi-colonial house belonging to Mrs. Wm. Geers.

Mrs. Geers was the mother not only of Mrs. Catherine Yates, wife of the War Governor, but also of Mary Geers Yates, wife of Abner Yates. For years the Abner Yates' made their home in the pretty little house above referred to.

Henry Yates, father of the first Richard, had three wives, the first being the mother of Abner, Richard and Millicent (Mrs. Wesley Mathers), and the third was the mother of Harris and Marshall Yates. Henry Yates had several other children by the first or second wife.

Abner Yates, as stated, married Mary Geers and they made their home for many years in the old Geers house, where both Catherine and Mary were brought up.

In 1874 Mr. Yates built and finished the handsome, large house, on the east of the little Geers home, the new building now belonging to the Catholic church, and being used in part as the convent of St. Rose of Lima. In that house the Yates' lived until about 1890.

It is not recalled what business Mr. Yates was engaged in, unless it was farming. But, latterly, he was interested in real estate and had lands in the state of Kansas. There he laid out Yates Center, now quite a good sized place. Finally he moved out to Yates Center, and died there, about the year 1900 or a little earlier.

Mr. and Mrs. Abner Yates had a daughter, Mary, and a son, William Henry. The former married John Dobyns, and they went to Yates Center, where Mr. Dobyns died.

Wm. H. Yates married Miss Johnson, a cousin of the present John L. and C. A. Johnson, of this place. The Yates' now live in Springfield.

Springfield, or Sangamon county, seem to have allured the Yates, ever since the first Henry came there from Gallatin county, Kentucky, away back in 1821. He lived a while in Springfield. Then came to where he laid out New Berlin, and passed his last days on earth.

It need scarcely be said that both former Governor Richard and Wm. H. now reside in the state capital.

Mrs. Abner Yates, whose home, after the late eighties, was in Yates Center, died there in January, 1909. Mrs. Yates was a graduate of Jacksonville Female Academy, in the class of 1847. She was a member of the M. E. church, attending Centenary for many years. After Abner Yates' death here Mrs. Richard Yates, his sister-in-law, took Abner's house and lived there until moving to her

last residence here, on West State street.

A little further east, on the south side of State street, was the home of W. W. Foreman, a prominent citizen.

Still further out, across the Chicago and Alton railway tracks, was the home of the Rev. W. D. R. Trotter, long a prominent minister in the M. E. church. Mr. Trotter was also one of the most valued members of Rebekah lodge No. 13, I. O. O. F. He was a charter member of Urania lodge. Mr. Trotter was a presiding elder in 1850. He was one of the committee who chose the location of what is now the Illinois Woman's College. He was in charge of Jacksonville station in 1839. He had come here in 1830, so was here before the Deep Snow.

Mr. Trotter was a member of the city Board of Education, in the schools of which his daughter, Mrs. Caldwell, and his granddaughter, Rowena Rowen, were teachers, the former for years.

On the north side of East State street, where Andrew McDonald afterwards lived, between East street and Clay avenue, was the home of Anderson Foreman, long a leading and prominent citizen.

Along in that block was also, latterly, the home of George Haggerty, a retired farmer, and early settler from Kentucky. But he was not living there in 1857. Mr. Haggerty came here in the early days and was connected by his own relationships, and those of his children, with leading families, particularly of the region east of Jacksonville.

Philip B. Price, who was referred to in the paper on "The Warrens", about a year ago, in the "Old Jacksonville" series, was one of the earliest and best known people on East State street, just west of where Clay avenue comes in. He was a brother-in-law of Col. Wm. B. Warren, Mrs. Warren being a Price, and was from Kentucky. Mr. Price was surely a "red-hot" Democrat and his political temperature seldom declined. Mr. Price occupied the lot formerly used by Col. Warren, and about 1859, built the pretty brick home now owned by Dr. E. Duncan. In business Mr. Price was a jeweler, on the west part of the north side of the square.

As stated in the last paper, James Hurst lived opposite the present I. W. College, in an early day.

It hardly seems fair to take leave of East State street without referring more fully to Preston Spates, an early dweller on the south side of the street, nearly opposite Passavant Hospital. Mr. Spates "blew in" here in 1830, and he always seemed to be the center of a small cyclone. He was an active, talkative and noticeable man. His last years were spent in Kansas City, Mo.

## PROMOTION OF WORKERS CONSIDERED BY MANAGERS

Conference on Industrial Education in Progress at Minneapolis.

Minneapolis, Minn., Jan. 19.—The selecting, hiring, training and promotion of workers as a phase of industrial management was considered here tonight by an "Employment Managers' Conference" called as a preliminary to the ninth annual convention of the National Society for the Promotion of Industrial Education which opens here tomorrow. Representatives of the Boston, New York and Philadelphia employment managers' associations; the Boston Vocational Bureau; the Tuck School of Finance and Business Administration of Dartmouth College and the Minneapolis Civic and Commerce Association took part in the conference.

"It has been found that only a few employers have 'blue printed' the jobs which were being filled in such a way as to bring about a fair selection of competent workers," said the official announcement of the conference. "More friction, waste, dissatisfaction and illwill are probably bred in the failure to give this subject the thought that it requires than come from almost any other source."

The conference emphasized that the "cover turn" in working forces of industrial plants each year constitutes a positive waste and those who attended the meeting exchanged views and experiences with a view to eliminating this factor in industry.

How to reduce absenteeism, improve the physical qualifications of aspirants for positions and use the theoretical training of young men educated in the business courses of higher institutions of learning were among the subjects considered. The conference was in charge of manufacturers of this city who constitute the Technical Education Committee of the Minneapolis Civic and Commerce Association. Among the speakers were Howard S. Person of Dartmouth college and Charles H. Winslow of the United States bureau of Labor Statistics.

The industrial education convention proper will start tomorrow afternoon. There will be a banquet in the evening and a general session and half a dozen sectional gatherings Friday.

## Y. M. C. A. JUNIOR TO BANQUET FRIDAY.

Event in New Social Room Will Mark Close of Contest in Basketball.

The first banquet of the season will be held Friday night at 15 o'clock by members of the Junior A boys' gymnasium class at the Y. M. C. A. and a general good time is looked for by all the members of the four teams. The teams were made up several weeks ago and each has been competing for a basketball trophy. The Fords won the trophy, and the Hups were first in an attendance contest, the Hups winning 82 points. The Fords coming second with 67. The Hudsons had 60 and the Dodge 52.

The banquet will be held in the new social department which will be especially decorated for the occasion. Lester Cornick will be toastmaster. The boys are planning to organize a basketball tournament on a larger scale and plans for this will be furthered Friday night. Each class will pick out two additional captains and these with the other four, will make the arrangements. Lester Cornick and Ralph Florenz are the new captains.

The lineup of the teams are as follows:  
Hups — Henry Struck, captain; John Camp, Ralph Mitchell, Ollie Parker, Russell Hughes, Richard Hyer, Joe Towers, Gerald Mann, Gilbert Decker, Jack Westover, Frank Haygood, Chester Hall, Chas. Fronabarger.

The Fords — Harold Stewart, captain; Ralph Florenz, Russell Bennett, William Benson, Clarence Souza, Aurelius Vosseller, McNeil Andrews, Alvin Goes, Harry Fernandes.

The Hudsons — Newport Houck, captain; Oliver Fanning, Robert Halstead, Andrew Russell, Jr., Vermer Rice, George Chaturin, Bill Andrews, Russell Deatherage, Virgil Smith, Earl Kirk, Howard Harrison, The Dodges — Felix Farrell, Jr., captain; Joseph Whalen, Lester Cornick, Roy Rife, Darley Cowger, Lee Goebel, George Green, Harry Decker, Wallace Baptist, Vernon Seefeld, Garland Withdee, Hal Ferguson.

Donald Ransdell, Palmer Hunt and John Hackett came in after the contest started.

### WITNESSED BALL GAME.

Misses Corinne and Lucille Rodgers with their friend, Miss Ruth Irving, were here from Waverly yesterday to witness the basketball game and while in the city were guests of their uncle, H. J. Rodgers and family on West College street.

## COMMISSION AWARDS SEVENTEEN MEDALS

NINE OF HEROES RECOGNIZED  
LOST LIVES.

Carnegie Body Awards Pensions Aggregating \$1,920 Annually to Dependents of Four—Grants Various Sums to Other Dependents.

Pittsburgh, Pa., Jan. 19.—At the twelfth annual meeting of the Carnegie Hero Fund Commission here today seventeen acts of heroism were recognized. In four cases silver medals were awarded; in thirteen cases bronze medals. Nine of the heroes lost their lives, and to the dependents of four of these, pensions aggregating \$1,920 a year were granted; to the dependents of four of the others who lost their lives, sums totaling \$3,000 to be applied, subject to the directions of the commission, in various ways, were granted. In addition to these money grants, in one case the sum of \$2,000 was appropriated for educational purposes, payments to be made as needed and approved; and in six cases awards aggregating \$4,500 were made for other worthy purposes. Payments in these cases will not be made until the beneficiaries' plan for the use of the awards have been approved by the commission.

The officers of the commission were re-elected. They are: President, Charles L. Taylor; vice president, W. J. Holland; treasurer, J. H. Reed and secretary and manager, F. M. Wilnot, all of Pittsburgh. The following new members were elected:

George L. Peck, fourth vice-president Pennsylvania Lines West of Pittsburgh; Judge J. J. Miller, Homer D. Williams, president of the Carnegie Steel company and U. L. P. Shriver, a banker. All reside here.

The four silver medals were awarded as follows:

Harold W. Snow of 7429 Crandon avenue, Chicago, a private secretary for attempting to save Mollie Meredith, an aged colored woman, from being killed by a train at Jackson, Miss., April 26, 1912. Snow sprang in front of a locomotive to save the woman, but both were struck. She died several months later from her injuries and Snow was so injured that the amputation of his leg was necessary.

F. Lawrence Byrne, deceased, who was an eleven year old school boy, died attempting to save William S. Ward, a playmate, from drowning in a pond at Philadelphia, May 21, 1915. The medal is to be sent to his father at 1715 South 56th street, Philadelphia.

Melvin Hazen, deceased, who was an eighteen year old farm hand, died attempting to save Alma E. Sumnerfield from being run over by a train at Canby, Ore., Jan. 7, 1914. He attempted to rescue Miss Sumnerfield from a trestle, but before he could reach her a locomotive struck them both. They were hurled from the trestle and killed. The medal is sent to Hagan's father, at Canby, Ore.

William D. Bard, Sr., deceased, a wire chief at Little Rock, Ark., died attempting to save sixteen year old Elsie Bussick from drowning at Benton, Ark., July 11, 1915. The girl became distressed in deep water in the Saline river and altho Bard could not swim well he started to her rescue notwithstanding that his fourteen year old son clung to him and begged him not to risk his own life. He persisted in the attempt, however, but when he was within forty feet of the girl he sank and was drowned, as was Miss Bussick also. The medal will be sent to the widow at 1121 Scott street, Little Rock, together with \$35 a month pension, with \$5 month additional for each of three children until they reach the age of sixteen.

The award of bronze medals was as follows:

J. Lamar McCann, Tuscaloosa, Ala., a student, for saving Mary T. Hunter, and attempting to save Rex E. Partin, a merchant, from drowning at Tuscaloosa, January 3, 1915, in canoeing accident on Warrior river.

Fred G. Buskuhl, Friend, Ore., a farmer, for attempting to save Joseph Ide Parke from suffocation in a well at Friend, August 3, 1912.

Austin Hall, Iva, S. C., a farmer, for saving Edward Harris from suffocation in a well at Iva, August 9, 1910.

John P. Burn, 123 Cooper street, Atlanta, Ga., an engraver, for attempting to save Isaac Janko, aged 3, from drowning in a sewer at Atlanta, May 18, 1913.

William S. Turner, Seaside Park, N. J., a salesman, for saving George S. Lewis, from drowning at Avalon, N. J., August 15, 1914.

Arthur H. Pinkree, deceased, a clergyman, who died attempting to save two girls from drowning at Anisquam, Mass., July 19, 1913. The medal to widow, 49 Walpole St., Norwood, Mass.

## FIRE DEPARTMENT CALLED TO J. W. HUBBLE HOME

For the first time in twenty-one days the fire department was called out Wednesday morning at 7:30 o'clock. It had been so long since an alarm had been turned in that the firemen were all fussed up. However, a quick run was made and the blaze was extinguished without any material damage.

The alarm was sent from the residence of J. W. Hubble of Lockwood Place. All morning the family had detected the odor of burning wood but could not locate it. When the fire department arrived investigation showed that the lathing above the smoke pipe of the furnace had ignited. The lathing was protected with asbestos but in some manner had become loosened. A small hole had burned in the lathing, but the damage is slight. Chief Hunt is congratulating himself that the blaze being so far from the department was no worse.

## RETURN FROM DECATUR.

Mr. and Mrs. J. R. Hastings and daughter Mildred have returned to their home at 1044 South East street after an absence of almost a month. Mr. Hastings is the district missionary of the American Sunday School union and has been doing some special soliciting for the society in Decatur. He reports that the results of the work are very gratifying. The Decatur field has sustained a Sunday school missionary for many years and the Sunday School union has many warm friends there.

## S. S. S. IS PURELY VEGETABLE—NATURE'S BLOOD TREATMENT

Scientists have discovered that the forest and the field are abundantly supplied with vegetation of various kinds, that furnish the ingredients for making a remedy for practically every ailment of mankind. Medicines made from roots, herbs and barks which Nature has placed at the disposal of man are better than strong mineral mixtures. Mineral medicines work dangerously on the delicate parts of the system, especially the stomach and bowels, by eating out the living membrane, producing chronic dyspepsia and often entirely ruining the health. S. S. S. is guaranteed to be a purely vegetable remedy. It is made entirely of forest and field products, purifying roots, herbs and barks, possessing properties that build up all parts of the system, in addition to removing all impurities and poisons from the blood. S. S. S. is a safe treatment for all disorders of the blood. It cleanses the entire system. Get S. S. S. at any drug store. S. S. S. is a standard remedy recognized everywhere as the greatest blood antiseptic ever discovered. If yours is a peculiar case write to Swift Specific Co., Atlanta, Ga.

## BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove it

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system.

They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or disagreeable effects of any kind.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## Another Wonderful Recovery from Kidney Trouble

For nearly nine years I was a great sufferer from what my doctor said was kidney trouble and my blood was out of order; enduring all that time excruciating pain in my back and across my bowels. I was drawn down so that I could only walk with my hands on my knees. My doctor said he could do nothing for me. I tried many kinds of medicine but all to no avail. A friend told me about Dr. Kilmer's Swamp-Root, and as I had tried everything else that I heard of, I bought a bottle of Swamp-Root and it did wonders for me. I prize it higher than any other medicine and I shall recommend it to my friends. I wish to add right here that after using Swamp-Root for two months I began to straighten up and am now sound and well, and feel like I might live a long time yet to tell what your medicine has done for me.

Yours very truly,

## READY TO RECOMMEND WITHINGTON'S APPOINTMENT AS WISCONSIN COACH

MADISON, Wis., Jan. 19.—President Charles R. Vanlise of the University of Wisconsin said tonight that he was ready to recommend the appointment of Dr. Paul Withington, former Harvard player, as coach of the university football team if the latter would accept the position, the salary to be \$2,500 for the football season. The appointment cannot be ratified until next month's meeting of the board of regents.

In the meantime further investigation is to be made of existing conditions by athletic investigating committee. In its report to the regents the committee recommends:

First—Co-operation with the director of athletics by the staff, faculty and students.

Second—Creation of a new athletic council composed of seven members, one an alumnus, one a student, one the business manager of the university, and four members of the faculty with the rank of professor.

Third—Declaration from the regents in favor of intercollegiate sports with encouragement to intramural sports.

## GIVES OUT LIST OF PLAYERS RELEASED BY FEDERALS

AUBURN, N. Y., Jan. 19.—Secretary John H. Farrell of the National Association of Professional Baseball Leagues today gave out a list of players who have been released by the federal league as a result of the recent peace pact, and who are now free agents, so far as the Federal league is concerned.

Secretary Farrell said: "It is the ruling that every national association player released outright by the Federal league shall automatically revert to the national association club entitled to his services when he left organized baseball. If the club holding title to the player's services when he left organized baseball does not beset to secure said player's services then such player shall be permitted to negotiate for his service with any other club."

"All players must be tendered contracts on or before March 1."

## FORMAL TRANSFER OF CUBS WILL TAKE PLACE AT NOON TODAY

CHICAGO, Jan. 19.—The formal passing of the Chicago National league baseball club from the ownership of Charles P. Taft to Charles H. Weeghman will take place tomorrow at noon.

Mr. Weeghman said that the check was ready for presentation to Charles Schmalstig, the representative of Mr. Taft, who arrived in Chicago today. Mr. Schmalstig and Mr. Weeghman held a conference tonight arranging minor details.

A meeting of the stockholders of the combined Chicago Federals and Chicago Nationals was held tonight at which Harry Ackerman, who holds some stock in the old Cubs, was introduced. He said he did not want to sell his stock and that he would become a member of the new corporation.

President Tener of the National league is expected to witness the proceedings.

## JONES IGNORES OFFER.

Kansas City, Mo., Jan. 19.—Tom Jones, manager of Jess Willard, heavyweight champion of the world, stated here tonight after reading a report from New York that Tex Rickard and Samuel McCracken had made an offer today of \$49,500 for the Willard-Moran fight, that Willard had signed with Jack Curley and that the matter was ended.

## SLAPNICKA SIGNS WITH MILWAUKEE

Milwaukee, Wis., Jan. 19.—Pitcher Cyril Slapnicka of the Milwaukee American association baseball team late today signed a 1916 contract with the club. In addition to being given \$100 for signing up, Slapnicka was paid a bonus of \$500 due him for winning 50 per cent of his games in 1915.

Mrs. Alice Wallace was in the city yesterday from Manchester.

## GIRLS! THICKEN AND BEAUTIFY YOUR HAIR AND STOP DANDRUFF

Try This! Your Hair Gets Wavy, Glossy and Abundant at Once.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25 cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—sprouting out all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.—Adv.

## A SCHOOL SUIT DREAM.

Editor Journal:

Do you ever play imagination games? Let us play an imagination game. Let us see! What shall we imagine about? Oh, I know. This Board of Education business. You know the legislature has passed a law repealing our special school law. But three members of the Board of Education have clubbed together, they are a majority, you know, and say the law shall not be repealed. So, they have hired three lawyers to show the court how to keep the law from being repealed. Now let us imagine these lawyers are angels.

Let us see! What shall we imagine they would do if they were angels? I don't know much about angels. But then you don't have to really know when you imagine. Our preacher talks about angels as tho they always do good and not evil, like when Our Savior was all fagged out by the devil trying to tempt him "angels came and ministered unto him". Let us imagine these lawyers are angels and when this Board of Education say to them: "You manage somehow to keep this law repealing our special school law from going into effect, even if only for a few months until we can make all the appointments and spend all the money for another year, and we'll pay you well for it."

Let us imagine these angel lawyers say: "Oh! No we think you ought not to do that. The people of the district are tired of this constant friction about the public schools; tired of being taxed so heavily; tired of being peculiar, trying to get along under a special law enacted forty-nine years ago when the public school question was not so well understood as it is now. We think you ought to help the people to get into a condition where their schools would be in touch with the times, the legal status clear of doubt and uncertainty and the checks and safeguards that experience has demonstrated are wise thrown around them. This is what we think you ought to do. You ought to say to the people: 'There may be some doubt about this law repealing our special law. But there is a way to make the situation perfectly clear.' If you go into litigation to try to defeat this law you will very likely be beaten and then you will have disturbed the schools and the people to no purpose. But you can easily have a petition signed by fifty legal voters of the district presented to you to call an election submitting to vote the question of going under the general school law. Then you can tell the people that if they do not vote to go under the general law there may be some uncertainty as to what the legal situation is but if they do vote to go under the general law there will be no uncertainty. For if the repealing law is valid we go under the general law without the vote and there will be no force for good or bad in the vote. But if the law is not valid the vote will be, if you advise the people this way they will sure get busy and carry the election. Then the general law provides for every step and shows how to make everything valid."

Say! When you imagine this way can't you almost hear the rustle of the angels' wings?

Now let us imagine the other way. We will imagine these lawyers are just common human lawyers, the kind that take most any sort of a case they get paid for. They get together and one of them says: "Say boys! What about our case? Reckon there's any money in it? We can manage to give the schools and the public a whole lot of trouble. But can we get any money to pay us for our trouble? How will we fix that? You know the Board of Education has spent all its money long ago and is running on anticipation warrants, which, I guess are illegal. The law that used to give authority to school directors in districts under special laws has been changed and not only does not give authority to school directors but says school directors may not take advantage of it. We want to make sure of our fees some way. You see if this new law is valid, nothing the Board of Education may do after the last day of February will be valid. They can't pay us out of the public money then. So we must arrange some way to get it in advance."

Another says: "Sure! We must have our fees. I don't look on getting a little something out of the public as any sin. 'Yes', says lawyer No. 2, 'but didn't I see that the school board has no right to issue anticipation warrants?'"

"That is a queer situation", says the third lawyer, "the legislature of 1913 passed an act to provide for the manner of issuing anticipation warrants and provided it should not apply to schools. Then it repealed the act of 1879 and amendments thereto. Then the legislature of 1915 amended the act of 1879 and amendments thereto by adding two new sections. Just what is the effect of amending a law that has been repealed may not be certain. But if we get our warrants and get them cashed we will be all right. But it went to let it go until after the last day of February because, if the repeal is valid the acts of the board after February will be invalid and we will not get our money."

My! Mr. Editor, isn't there a lot of difference between angels and just human lawyers, when we imagine that way?

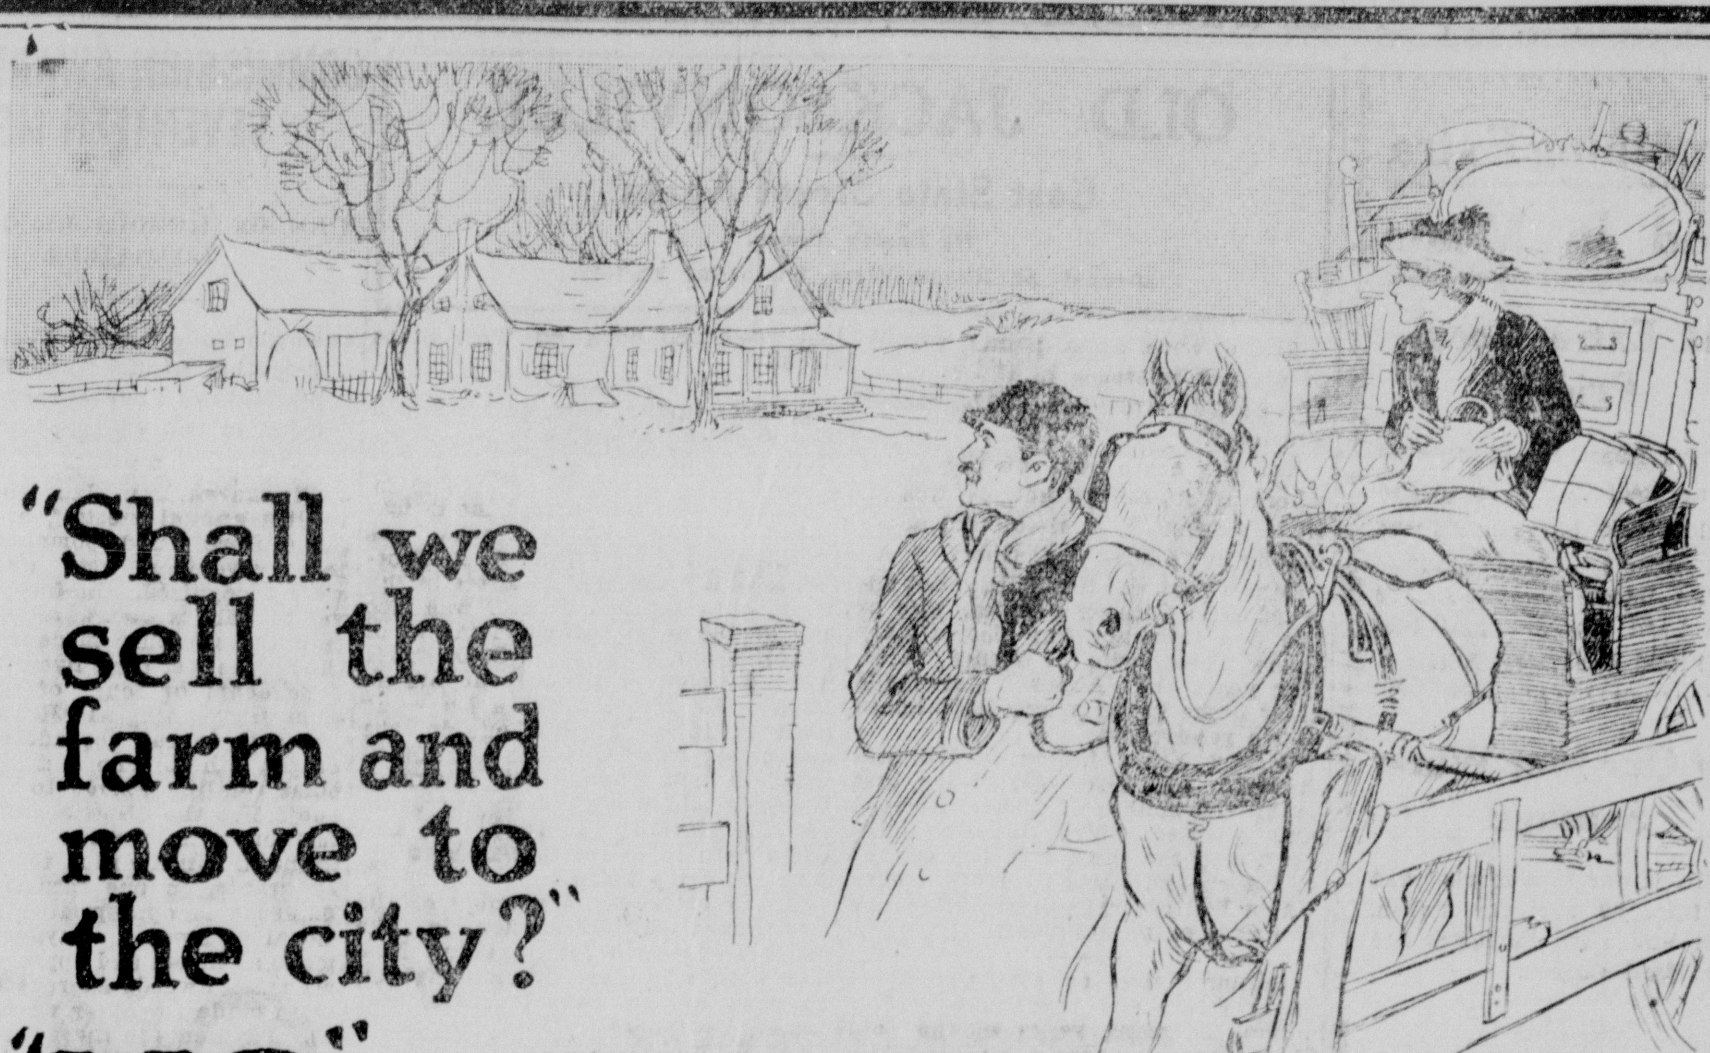

Let's not play any more. Imagining makes me tired for it is mighty hard work.

Dreamer.

It's a forty-acre farm in Ohio. The owner is forty, married and has four children. He's in debt.

His wife is city bred and wants to go back. His children want high-school educations. He has a chance to sell. He has asked Herbert Quick for advice.

A good many farmers, at one time or another, are up against this same problem. It's a man's size problem. The wrong decision means disaster.

So Herbert Quick publishes the letter (without the name) and answers it shrewdly, bluntly and kindly this week in

## THEY CALLED HIM

BUTCHER EVER SINCE

A number of years ago there was a little boy who lived on the farm of his father in the southeast part of the county and was one of the observing kind, always noticing what his elders did. Then, too, he was great on imitating; he would tie up wisps of straw and make believe he was harvesting; with his little hatchet, with which he never told a lie, for he is not that kind, he would cut down bushes and think he was a fine chopper. But what most riveted his attention was hog killing and he would cry to go to the neighbors whenever any swine were to be assassinated for family use.

One day his father went away from

home, leaving Clarence at home to look in the garden and with strict injunctions to be a good boy and which injunction the boy meant to follow, but as soon as father was well out of sight his thoughts turned toward butchering. He looked into the hog pen, and to his dismay he saw the animals were all too large to be handled. Then he turned his attention toward a mother swine which had a large following of juniors and the boy thought he would try his hand with one of them, but the mother offender in such a manner that the youthful enthusiast deemed discretion the better part of valor.

However, he was determined to try his hand for there was the pole from which the butchered hogs used

to hang and it looked very tempting, so he finally saw some geese and decided that was his game. He tolled them up with corn, managed to get three of them, severed their heads from their bodies and hung them by the legs in true butcher style.

It is said that when the great Benjamin West was a boy he painted the picture of his little sister lying in the cradle when the family were away and when his mother returned and saw the work she kissed the young lad and he often used to say that kiss made him a painter. But not so with the elder Lukeman. Instead of kissing the aspiring young slaughterer of the geese he invited him into the woodshed and what transpired there was to the youthful

offender most painful and ever after that he went by the nickname of "butcher." He soon grew to larger stature and was able to assist in the family pastime of hog killing until he became an expert and was in demand all over the neighborhood and even now, when a partner in an immense clothing store, the old spirit comes over him and anyone who saw him at the family home yesterday, lodged out in true workman style, would suppose that he had followed the business all his life so skillful and capable is he at the business, but he is generally found at the old stand, west side square, and only helps kill hogs once in a while, just to keep in practice.

## WORLD'S MARKET NEWS

### HUGE SALES HAVE WEAKENING EFFECT ON THE WHEAT MARKET

Prices Close Heavy at 1 1/2 to 1 3/4 Net Decline.—Corn and Oats Drop.

Chicago, Jan. 19.—Huge sales that appeared to be largely of a profit taking character had a weakening effect today on the wheat market here. Prices closed heavy at 1 1/2 to 1 3/4 net decline, with May 1.30 1/4 and July 1.23 1/4. Corn finished 1/2 to 1/4 down, oats off 1/2 to 3/4 and provisions showing a set back of 10 to 12 1/2 to 32 1/2.

Offerings of wheat assumed immense proportions after the market at the opening had touched a new high price record for the 1915 crop. The general tendency of the market, however, was decisively down grade through the session, influenced by reports that in addition to the burden of the unusual volume of sales to realize on holdings the bulls were handicapped by foreigners selling futures here and at Winnipeg. Furthermore, it was denied that the Canadian government had been buying. The market was also depressed by word that ocean freight rates from the United States to Great Britain had again made a fresh record breaking advance.

Corn was easy on account of the setback in wheat. Oats relaxed to some extent with other cereals. The market, however, was relatively firm owing to gossip that export sales in the last three days amounted to more than 2,000,000 bushels.

Packers sold provisions.

# A Woman's Problem

## How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

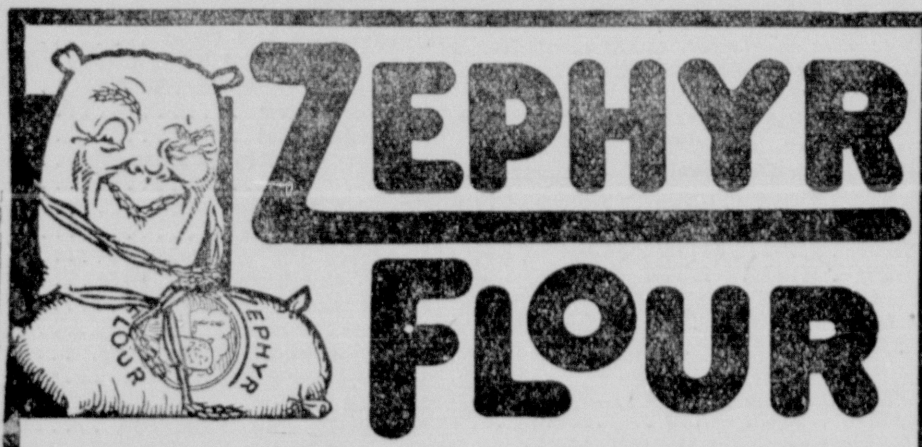

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and backache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLING, 931 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

## BREAK UP BRONCHIAL COUGHS, CROUP, AND COLDS PROMPTLY

Make the Best Remedy at Home—128 Teaspoonful for 50 Cents.

Don't neglect your first cold, cough or any Bronchial affection, this winter, but commence treatment immediately, and thru using the proper medicine it can be checked from the very start and promptly cured; but if neglected probably will hang on all winter, if it does not develop into something more serious, such as Pneumonia or Consumption. True, there are hundreds, yes thousands of cough remedies on the market. While some are good, there are many which are not, but are positively harmful, due to the narcotics which they contain. But why experiment with these different remedies purely on the strength of perhaps of some testimonials or on the exaggerated claims of manufacturers, when Schiffmann's New Concentrated Expectantant is sold by M. E. Gilbert on such a positive guarantee to give perfect satisfaction, yes even more—money will be refunded by the

### HOW TO CURE PORK

The meat should be well cooled but not frozen. After blocking, trim pieces in shape to suit, trim off as much fat as possible, without exposing the lean parts too much. Take each part separately, first rub salt into the meat side as much as possible, first using a small pinch of saltpeter on bloody parts, no too much, as it will make meat too hard; after rubbing salt well in, place pieces in a box, or barrel, of corns and shoulders as will lay on, hams and shoulders as will lay on, well pressed down, but not so much on sides, as they are thinner with no bones, and will take salt quickly. Be sure to put salt on steak end.

Place pieces as close together as possible, making them fit well together. The ribs and back bones should be placed on top with very little salt. The meat should stay in salt about two weeks, and then taken out, salt well rubbed off, salted again, (as before) and packed well in box or barrel, and stay about two weeks longer, if it is very cold, it should remain longer, as meat will take salt quicker when it is warm than when cold.

In about four weeks, the meat should be taken out, salt well rubbed off, and washed thoroughly, peppered well, to keep off insects, and hung up to dry, when well dried smoke well before fly time, and when well smoked, placed in small sacks, with dry season when other pastures fail to hold up, and they will gain in milk, according to a dairy test, one pound a day on the average.

Six acres will carry 12 to 14 head of steers from July to heavy frost and as the grass is 50 per cent stronger in protein than timothy meadow they will grow to a fare you well.

A small patch makes a good calf pasture or hog pasture.

Warning: The government in every article on Sudan Grass warns the farmer against getting Southern seed and advises that good Northern seed is now plentiful enough that there is no use getting any other.

### MARKET TOPERS

It is the aim of every live-stock farmer to have the buyer say to them, "The top of the market to you." Experienced feeders achieve it, but rarely beginners.

Pig-club members have topped the market for the first hogs they have raised. Those members followed the instructions given them by the pig-club agent stationed in their State. They fed balanced rations, kept the hogs free from lice and worms, and made their hog feeding a business enterprise, and not a venture.

In Oklahoma 23 boys and 1 girl sold their pigs to the two Oklahoma City packing houses at top prices, going 35 cents above the top of the market for the day. These hogs averaged 10 months of age and 344 pounds in weight. Eleven of them were judged as perfect market type by the buyers, and only one scored below 90. The average dress out was 84 per cent unchilled.

The champion hog from Kingfisher County weighed 449 pounds on the hoof and dressed out 87 per cent unchilled. Thins 11-months old barrow was on alfalfa pasture the first four months of his life, and then was fed tankage, corn, kitchen waste, shorts, and alfalfa the next seven months. He cost 6 cents per pound to produce, including purchase price, feed, and labor, and gave the buyer a profit of \$8.99 in addition to the prizes won.

In Kentucky 15 pig-club boys, with hogs averaging a little over 200 pounds, topped the Louisville market for the day by 25 cents a hundred-weight.

### HOUSEHOLD SCIENCE CLUB OF CHAPIN HOLDS MEETING

Pleasant gathering at home of Mrs. J. E. Burnham—Owner Chapin house.

The Household Science club met Wednesday afternoon with Mrs. J. E. Burnham with fourteen members of the club present. Mrs. James Sheppard, Miss Mary Thorndyke and Miss Gertrude Onken were present as visitors. "Nursing the Sick" was the subject of general discussion at the close of the roll call. Mrs. B. J. Taylor gave a paper on "Home Care and Diet for the Sick." This paper was well prepared and was especially appreciated. Miss Gertrude Onken gave two very acceptable piano numbers. Mrs. Burnham gave an interesting demonstration of biscuit making, after which the guests gave attention to a delicious two-course luncheon.

**Basket Ball Game Arranged.**  
A game has been arranged between the basket ball players of Winchester high school and the local team. The game will be played on the Chapin floor Saturday night and a hard fought contest is anticipated. Roy Tholen went to Jacksonville Wednesday afternoon to attend the Waverly-J. H. ### MRS. SOPHRONIA BOYER DIES AT HOME IN RUSHVILLE

Had Spent Greater Part of Life in Sulphur Springs Neighborhood.

Mrs. Sophronia Boyer, aged 85 years, died at the home of her son J. W. Boyer in Rushville Tuesday afternoon at 4 o'clock. She was the widow of Thompson Boyer who died a number of years ago. There survive the following children: Henry of California, Mrs. David Samples of Greenwood, Mo., George of Missouri, Charles of Oklahoma and J. W. of Rushville.

The deceased was one of the early residents of the Sulphur Springs neighborhood and practically all of her life was spent in that vicinity. The remains will arrive here today and funeral services will be held from Sulphur Springs church Friday morning at 11 o'clock in charge of the Rev. Ancil Connolly of White Hall. Interment will be in Sulphur Springs cemetery.

### TO THE PUBLIC.

On retiring from the drug business which I have followed so long I desire to tender to the public my heartfelt thanks for the liberal patronage with which I have been favored. I part from my patrons compelled to do so by ill health and much regret to do so. I cordially commend my successor, Mr. J. A. Long, and earnestly hope the same good degree of custom with which I have been favored will be enjoyed by him.

### PYTHIANS TO BEARDSTOWN

### ROBERT YOUNG PARK DIES AT LATE HOME IN CLAYTON

Family Until Three Years Ago Resided Near Jacksonville—Burial Near Joy Prairie.

The funeral services of Robert Y. Park were conducted at his late home in Clayton on Tuesday afternoon at 2 o'clock. His pastor, Rev. H. E. Whitmyer, assisted by Rev. J. K. Vance of the Clayton Presbyterian church, had charge of the service. Mr. and Mrs. Frank Miller and daughter Melva, with Rev. Vance, with Miss Millicent Vance at the piano, furnished the music from the Psalms, which had always been dear to the heart of the deceased. Many beautiful floral offerings were in evidence.

The body was brought on the morning train Wednesday to Jacksonville, where it was laid away in a little cemetery near Joy Prairie, where his wife and number of the Park family have been buried.

Robert Young Park was born in Todd county, Ky., Sept. 20, 1828, and came of an excellent family. His parents were Thomas and Jane (Maben) Park, who were both natives of South Carolina, and who traced their ancestry back to Scotch-Irish stock. Robert was the youngest son of a family of six sons and two daughters—Mrs. Sarah Gaddis of Clayton is the only surviving member of that family and is in her eighty-sixth year.

He came with his family to Sangamon county, Illinois, when he was a child six weeks old. The family resided there about three years and then removed to a farm near Jacksonville, where they lived for a number of years. At the age of 36 he was united in marriage to Miss Mollie A. Scott, and to this union was born one son, Frank, who now resides on the home place one half mile north of Clayton.

In the fall of 1889 the family removed to Clayton, Adams county, Illinois, and resided in the same home till his death Monday morning, Jan. 17, at 9:30 o'clock. After the death of his wife in 1904 he and his son resided on the home place.

Robert Park was a loyal Christian man and had been for a number of years an active member of the United Presbyterian church. On Nov. 16, 1862, the United Presbyterian church was organized in Jacksonville, Ill., of which Mr. and Mrs. Park were charter members. When this church was disbanded they transferred their membership to the U. P. church at Clayton. In about 1892 he was elected a ruling elder and continued in office until the church was transferred to Golden, where he remained one of the elders till his death.

Mr. Park was a man of sterling worth, conscientious, honest, true and could always be depended upon in the community in which he lived and in the church which he served. And came down to the end of his life like a shock of corn for the garner.

### ROAD DRAGGING IS COMPELLED BY STATE LAW

Commissioners Must See to It That Sum Is Set Aside for This Work.

Mention has been made from time to time of the provisions of the road law that requires from \$3 to \$5 a mile to be set aside in each township for road dragging. It is necessary under the law for the clerk and highway commissioners to see that this fund is set aside. In practically all the road districts of Morgan county, commissioners recognize the value of dragging, but there are said to be a few commissioners who need to have the law explained to them. The section of the road law governing this matter is in the following language:

"All road and bridge moneys of town or road district shall be held by the treasurer of the road and bridge fund subject to the order of the commissioners of highways; provided that not less than \$3 nor more than \$5 for each mile per annum shall be taken or appropriated from the road and bridge fund of each township, or district, to be known as a road drag fund to pay for the work of dragging earth roads in the township or district as provided in section 107.

It shall be the duty of the commissioners of highways to designate from time to time what roads in the township or district shall be dragged. He shall cause the work to be done by giving the parties contracted with for the performance of such services such notice as shall be deemed sufficient; he shall on or before the 15th day of September in each year contract with as many suitable persons as he deems necessary to drag the roads in the township or district for that year, but shall not apportion the dragging of more than six miles of road to any one person.

"The commissioner or commissioners or highways may at any time cancel such contract or contracts for dragging the road when the stipulations herein contained have not been complied with or when work is not done in a satisfactory manner. Provided, however, that in making contracts shall not be let for a sum exceeding \$1 per mile each time dragged. Provided, further, that the work required to be dragged shall not be less than 14 feet, if the width of the roadway will permit.

The exact mileage of the township it is noted, must be ascertained and the levy must be made accordingly. There is no way to avoid it should there be an inclination in some sections to do so."

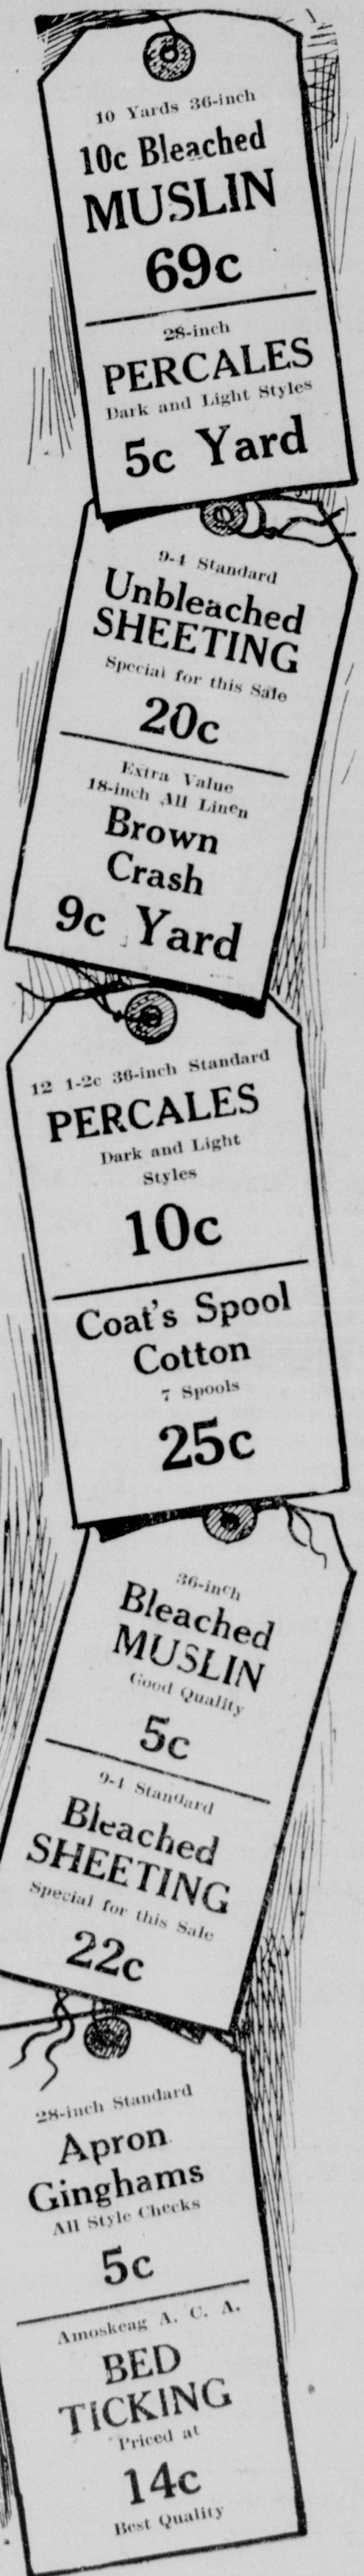

### VISITING THE MARKETS.

Messrs. H. M. and G. B. Andre have gone to the great furniture exposition in Chicago and will also visit Grand Rapids, Mich., before returning home. There is a large establishment in Chicago especially devoted to the display of the wares of furniture manufacturers and it is visited at certain seasons of the year and is found a great convenience to local dealers who can there see samples of what they are likely to need in their business.

## MR. BUTLER ANNOUNCES CANDIDACY.

I am a candidate for the office of Lieutenant Governor because I believe I can be of service to my country and state and being so can be of service to you, my children, and myself.

It is the time to elect men and not monkeys. Men who seek something besides money and whose record in office will be something besides greed and graft.

Nothing is so nauseating as a pandering politician, who abuses himself in pretending to be a most abject servant to the people. Such subservancy is the sure indication of a double crosser. I am seeking your support on the ground of equality, neither pretending to be better or worse. Only claiming to be honest, fearless and capable.

We are confronted by the inevitable deficit and catastrophe that always accompanies the end of a democratic administration.

In addition we are confronted by a crisis in the World's history due to the greatest war of all time in which the United States is likely to be involved during its progress and into which we are almost certain to be plunged at its close in Europe.

This is the time to elect men tolerant in religion and broad minded in affairs of personal liberty—who are even just to these narrow and bigoted reformers who are so intolerant of all others—and not a time to elect intense cranks who have special missions of intolerant reform to perform to the exclusion of all other issues.

The principle of one thing to all men and not all things to all men induces me to say, the true American recognizes no degrees in patriotism.

For myself, I solicit the vote of all true Americans and invite the opposition of all who limit their patriotism to America by any condition whatsoever.

W. J. Butler.

## HOW TO GET THIS \$2.25 ALUMINUM GRIDDLE AT A SAVING OF \$1.40

Get 50 cents worth of Karo from your grocer, and send the labels to us together with 85 cents and we'll send you this \$2.25 Solid Aluminum Griddle by prepaid parcel post.

HERE is a clean cash saving of \$1.40—and thousands of housewives have already taken advantage of this remarkable chance to get an aluminum griddle for less than the wholesale price.

This Aluminum Griddle needs no greasing. It doesn't chip or rust. It heats uniformly over entire baking surface—doesn't burn the cakes in one spot and leave them underdone in another. It doesn't smoke up the kitchen—and the cakes are more digestible than when fried in grease.

At great expense we are seeking to place a Karo Aluminum Griddle in the homes of all Karo users, so that Karo—the famous spread for griddle cakes and waffles—may be served on the most deliciously baked cakes that can be made.

You know Karo, of course. Nearly everybody does—65,000,000 cans sold last year alone. And you doubtless know the wonderful cleanliness and durability of Aluminum ware.

If you are a Karo user already then you know all about this wonderful syrup—you know how fine it is as a spread for bread; how delicious it is with griddle cakes, waffles, hot biscuits and corn bread.

Get 50 cents worth of Karo from your grocer at once, and send the labels and 85 cents (P. O. money order or stamps) to us and get one of these Aluminum Griddles by prepaid parcel post.

Remember that our supply is going fast—so get your Karo today. We will also send you free one of the famous Corn Products Cook Books.

## TEDDY FISHER RUNS STICK THRU LEG

**BAD ACCIDENT BEFALLS PUPIL OF WEST GREASY SCHOOL**

Lad Was Coasting Down Hill When Sharp Stick Penetrates Leg, Going Clear Thru Member—Business Men of Murrayville Want New Altton Station.

Teddy Fisher, a son of William Fisher, who resides four miles south of Murrayville, and a student of West Greasy school, met with a serious accident Wednesday afternoon while coasting down a hill near the school building.

The lad was using a board for a toboggan and about half way down the hill he encountered a sharp stick, half of which was imbedded in the ground. The stick was about two inches wide and one inch thick. The piece of oak wood went clear thru the leg and came out almost eight inches above the point of entrance.

Mr. Lennie, the teacher of the school, gave all assistance until Dr. J. H. Spencer could arrive. The stick ran in in such a shape that it required the physicians skill to remove it.

The young man was taken to the home of his sister, Mrs. Robert Walker. His wound is certainly a painful one and his escape from a more serious injury was almost miraculous.

### Want New Station.

The Business Men's association held their regular meeting Tuesday night and a committee was named to see if the Altton railroad would not consider the building of a new station at Murrayville. A copy of the associations actions in the matter was sent to Assistant Superintendent Henderson of the Altton at Bloomington and also a copy to the State Utilities commission.

### War on Dogs.

The association also looked into the dog question. The canine is believed to be a great spreader of the foot and mouth disease, black leg, hog cholera and it was discussed as to the best methods of handling the situation.

### Attended Dance.

Miss Zella Craddock attended the dance given Tuesday in Jacksonville at the home of her uncle, C. A. Wemple.

## AWARD RIGHTS TO ROCK ISLAND TO CENTRAL ASSOCIATION

AUBURN, N. Y., Jan. 19.—Territorial rights to Rock Island, Ill., have been awarded to the Central association, according to an announcement made here tonight by Chairman John Farrell of the national board of arbitration.

The Illinois-Indiana-Iowa league claimed the territory but the special committee of the arbitration board to which the case was referred in deciding in favor of the Central association, based its findings on an agreement made by A. R. Tearney, president of the Three Eye league, that Rock Island should be considered open property during 1916.

### Tearney Receives No Word.

Chicago, Jan. 19.—A. R. Tearney, president of the Three Eye baseball league, said tonight he had received no word of the decision awarding territorial rights to Rock Island to the Central association baseball league.

## APPROVES CONTRACTS FOR EQUIPMENT OF RADIO STATIONS

WASHINGTON, Jan. 19.—One of the final steps toward linking the United States and its foreign possessions together by a great chain of wireless stations was taken today when Secretary Daniels approved contracts for the equipment of the big radio stations now under construction at San Diego, Cal., Cavite, P. I., and Pearl Harbor, Hawaii. Completion of these stations within the next year will pave the way for radio communication from Washington to almost any point in the world where there may be a receiving plant. Plans now are being prepared by the navy department to increase the power of stations at Tutuila and Guam and make them part of the main world chain.

Mrs. Wm. Barr Brown, soloist State St. Church, Friday evening.

### SUCCESSFUL YEAR IS REVIEWED AT FIRST BAPTIST CHURCH

Good Reports at Annual Meeting Wednesday Night—Plans Well Under Way for Revival Series in Early Spring—Sermons Announced.

Arrangements are being made at the First Baptist church to hold a revival meeting in the early spring. Plans were discussed at the annual business meeting last evening, and it is expected that one of the leading gospel singers and choristers of the States will be secured to assist the pastor, the Rev. Percy W. Stephens, who will do the preaching as in the meeting conducted last February.

In preparation for the campaign, the pastor announced last evening that he will deliver a special series of sermons at the morning service for the coming four Sundays on the Holy Spirit, as follows:

Jan. 23, "The Fact of the Holy Spirit."

Jan. 30, "The Function of the Holy Spirit."

Feb. 6, "The Fullness of the Holy Spirit."

Feb. 13, "The Fruit of the Holy Spirit."

Simultaneous with these special morning sermons, Mr. Stephens announced he would deliver a series of evangelistic sermons Sunday evening on "Science and Salvation", as follows:

Jan. 23, "Geology and the Rock of Ages."

Jan. 30, "Anthropology and the Man of Nazareth."

Feb. 6, "Botany and the Rose of Sharon."

Feb. 13, "Astronomy and the Morning Star."

At the midweek services, beginning on Wednesday next, Mr. Stephens will give a series of Bible readings on "Personal Soul-winning as Found in the Acts". This will serve not only to train personal workers for the coming campaign, but will also help the teacher of the International Sunday school lessons, which are now being taken from the Acts.

**Church Finances.**  
General expenses for the year were \$4,145.39, making with the missionary expenditure of \$622.09 a total of \$4,767.39. One hundred and thirteen members were added to church membership, 69 by baptism, 33 by letter and 11 by experience. Average Sunday school attendance was 274 as against 240 in 1914. Sunday school offerings totalled \$341.62. The average attendance at the Baptist mission was reported as 61.

### CELEBRATED BIRTHDAY.

Capt. Frank C. Taylor of 852 East State street, celebrated his birthday Wednesday. There was no formal observance of the occasion, but many friends remembered the date and tendered their good wishes.

THE Texas Wonder cures kidney and bladder troubles, disordered gravel, cures diabetes, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle lasts a month's treatment and admits of a perfect cure. Send for testimonials from this and other States. Dr. E. W. Hall, 205 Olive Street, St. Louis, Mo. Sold by druggists—Advt.

### VEGETABLE CALOMEL

Vegetable calomel, extract of the root of the old-fashioned may-apple plant, does not salivate. As a liver stimulant, it's great. As a purgative, it's perfect. It's a perfect substitute for ordinary calomel (mercury); in fact, it's better, because its action is gentle instead of severe and irritating—and it leaves no mean, disagreeable after-effects. Physicians recognize this and prescribe may-apple root (podoophyllin, they call it) daily.

Combined with four other standard, all-vegetable remedies, may-apple root may now be had at most any druggist's in convenient sugar-coated tablet form by asking for Santalax Laxatives. If you forget the name, ask for the box that has the picture of the soldier on it.

These tablets are small, easy to take and are really wonderful little performers.

They quickly clean out the poisons that are causing you headache, constipation, sour stomach, biliousness, dizzy spells, bad breath and coated tongue.

They are mild. They never gripe. And they are a bowel tonic as well as a cleanser and liver regulator. A 10c box should last one several weeks. A Physician's trial package (4 doses) will be mailed you free if you write mentioning this advertisement. The Santalax Remedies Co., 802 Madison Ave., Covington, Ky.

### SPECIAL POLICEMAN IS KILLED [AT EDWARD VALVE COMPANY PLANT]

CHICAGO, Jan. 19.—Jack Meehan, a special policeman at the plant of the Edward Valve Manufacturing company at East Chicago, was killed today and five men were injured as the result of an effort by the company to supply the place of employees who have been on strike for several days. Meehan was leading the strike breakers to the plant when some one fired a shot which resulted in a fusillade between strike sympathizers and strike breakers. The five other men who were wounded by bullets were said to be not dangerously hurt.

The trouble started when the company brought a party of ten alleged strike breakers to the city late in the afternoon and sent several of its employees in automobiles to the railway station to meet them and escort them to the plant.

Jacksonville Lodge 570 A. F. and A. F. will hold a stated meeting tonight at 7:30. Visiting brothers welcome.

E. L. Kinney, Sec.

**REJECT GERMANY'S PROPOSAL.**  
Washington, Jan. 19.—Germany's proposal to incorporate in the settlement of the Lusitania case a reservation of any admission of wrong doing by her submarine command is understood to have been rejected by the United States. A new proposal from the Berlin government is expected momentarily, however, and there is a possibility that the controversy may be closed by the elimination of all mention of the merits or demerits of the actual torpedoing of the vessel, Germany agreeing to pay an indemnity for the American lives lost, reiterating expressions of regret and calling attention directly or by inference to the contention that she already has given the most effective disavowal by making assurances for the future.

Friday evening, State St. Church Conservatory Orchestra.

**CAPTURE NUMBER OF BANDITS.**  
Chihuahua City, Mex., Jan. 19.—The Mexican bandits who looted Magistral in Durango, several days ago, and who were beaten by Carranza troops yesterday at Guerrero, are said to include some who took part in the Santa Ysabel massacre January 10th. A number of prisoners were being brought here today to be executed. Their bodies will be displayed with those of Jose Rodriguez and Miguel Baca-Valles which were exhibited at Juarez.

We have some special values in suits and overcoats at \$10, \$15 and \$17.50. You should see them. J. W. Lane, successor to Garland & Co.

**AMENDMENT SHARPLY DEBATED.**  
Washington, Jan. 19.—The Clarke amendment which would embody in the Philippine self-government extension bill a provision for absolute independence after two years was sharply debated in the senate today with criticism centering chiefly about the proposal that the United States negotiate for an international agreement guaranteeing Philippine sovereignty after the two year period. A vote on the amendment is expected tomorrow.

### VERBAND OPPOSES BIBLE TEACHING IN STATE SCHOOLS

German Catholic Society Seeks to  
Prevent Teaching of Scriptures in  
State School for Deaf and Blind of  
Jacksonville—Want Priest Stationed at Each Institution.

Quincy, Jan. 19.—The local Districts Verband in annual session at the St. Francis school hall last night, took up a question of state-wide importance, when it instructed its legislative committee to appear before the legislature in Springfield to prevent the teaching of the bible, as a routine study, in the state schools for blind and deaf and dumb at Jacksonville. The resolution was referred, also, to the Staats Verband for immediate attention.

Albert Waterkotte, a local contractor, and the Rev. Father Didaeus, pastor of St. Francis Catholic church, spoke in behalf of the action. Mr. Waterkotte has a young son in one of the schools and returned only recently from a visit at the institution. He said no Catholic services were provided in either of the institutions.

One woman teacher, a Catholic, willingly takes the Catholic attendants at the school for the blind to church every Sunday. There is no state provision for this, he said, and unless the teacher took the children they would not get to go to church. In the deaf and dumb school the children are not given the privilege of going to church at all.

### Speaker Talked to Superintendent.

Mr. Waterkotte said he talked to the superintendent and he said he was working under instructions from the board of administration. Mr. Waterkotte and the members of the society contended it was illegal for the public teaching of the bible in a public school or in state institutions. He said there were about forty-nine Catholic children in the deaf and dumb school and probably 150 in the school for the blind. He said these children were losing religious instruction in their own religion as long as they attended the state schools. This ranges usually from the ages of 6 to 29, he said.

**Wants Priest at Institution.**  
Catholic churches in Jacksonville and other cities, Mr. Waterkotte said had started a plan to raise money to have a priest stationed at the institution to care for the Catholic members.

## JACKSONVILLE WINS FROM WAVERLY

FAST GAME ANNEXED BY LOCAL  
39 TO 29.

Contest Was Played in David Prince  
Gymnasium and Witnessed by  
Nine Hundred People—Visitors  
Show Speed and Will be Heard  
From at Tournament.

Jacksonville high and Waverly township high, mixed in a game of real basketball Wednesday afternoon, in the David Prince gymnasium the final score being 39 to 29 in favor of J. H. S. It was a fight from start to finish, and the Waverly boys proved a most worthy opponent to the prowess of the local five. At the end of the first half Waverly had the edge on Jacksonville, by two points, the score being 19 to 17. In the second half the fast and furious playing kept the big crowd in a state of excitement and it was nip and tuck who was going to win. Jacksonville had forged ahead four points, some five minutes before time was up, when Capt. Swift of the visiting team was taken out because of committing four personal fouls. This apparently had a bad effect upon the visitors, for Swift is a player who in truth represents his name. The entire game was one of the best seen on the local floor and the fact that nearly a thousand people witnessed the contest for the small sum of ten cents, added additional interest to the game. The fact that there are a great many children who can pay ten cents for a game but would not be able to attend if the price was twenty-five cents, was one of the reasons which the management had for putting the price down. The Jacksonville people were mightily pleased with the Waverly players and they will be welcome visitors here at the time of the tournament. This is the first year that the Waverly school has really had a winning team, having lost but two games out of the eight they have played this season. Hughes, their center, was credited with the most baskets yesterday while Boxell for Jacksonville made 19 points for his team. The local lads showed some skill in long basket throwing.

The score:

### HOW TO PROLONG LIFE.

By adopting a simple diet men like Coparo have lived to be 100 years of age, but with our complex diets of today, the vitality of the aged is taxed to its utmost endurance. A simple diet, therefore, is conducive to a long life, and if the vitality becomes impaired and weakness seems apparent, our local druggist, Lee P. Alcott, has a reliable, non-secret remedy which contains just the elements needed to restore strength to weak, feeble old people, and prolong a healthy, happy life.—Adv.
